A DOUBLE DEAL.

August Freiman Jailed for Failure to Provide for His Wife—She Follows His Misfortune With Another Affidavit.

Some time ago August Freiman married Florence Kritzer and then abandoned her and a prospective babe. Yesterday Freiman was arrested again for failure to support the woman and now is an inmate of Sheriff Scheifer's prison, where he can meditate on the frailties of women.

Freiman has money, but seems averse to putting up for the woman, who is plump and handsome. This morning she consulted Prosecutor Bittenger again and filed an affidavit against her betrayer, charging him with the paternal responsibility of her child. Freiman cannot be taken out of jail on the last charge, but the warrant will wait until he serves his sentence. The fellow used to be a policeman, and is determined, whatever happens, that Miss Kritzer gets none of his money.

Pleasant Lake.

Pleasant Lake is certainly coming to the front as a fishing and pleasure resort. This year an organization has been perfected there, numbering among its members the most substantial and responsible citizens of the town, for the purpose of entertaining guests and making things comfortable and pleasant. Charley Ewing, the best "all around" fisherman it has been our pleasure to meet, has charge of the minnows, boats, etc., and certainly will insure those desiring to fish a good catch. Tom Hollowell, "mine host" of the Lake View House, is a dandy and makes it lively for his guests. But the old stand by and guide, and in fact "budget of useful information," is Hon. Samuel Barr, who is at any and all times at the service of his friends, and everybody visiting there is numbered among them. Fishing is at its best now, and those desiring a few days outing can do no better than go there. The Lake Shore road is selling round trip tickets to parties of three at \$1.90 and for five or more \$1, thus making a very cheap trip.

Messrs. Maier and Hance returned from there Saturday and report a jolly good time. The fish they brought with them speaks volumes as to the piscatorial feature of the resort.

Cooling baths, ocean breeze, and fresh roses are in the thought of all, at this time of the summer. To be entirely comfortable it is also necessary to think of a cooling regime; a vegetable diet, crisp salads, and a mind at ease. No mind can be at ease without health. One of our friends says: "In sickness Pond's Extract is worth its weight in gold." It conquers all kinds of inflammations, while for all sorts of hemorrhages it is the greatest known remedy. Eminent physicians prescribe it throughout Europe and America.

Four hundred and thirty-two saloon keepers were sued in Cincinnati yesterday for \$100 or \$200 each, according to the liquor sold. This action was brought about by the failure of over 2,000 saloonists to pay for the annual license under the provisions of the Scott law.

How to Shorten Life.

The receipt is simple. You have only to take a violent cold, and neglect it. Alternatively, the great English surgeon, asked a lady who told him she only had a cough: "What would you have? The plague." "Beware of 'only coughs'!" The worst case can, however, be cured by Dr. Wm. Hall's Balsam for the Lungs. In whooping Cough and Croup it immediately allays irritation, and is sure to prevent a fatal termination of the disease. Sold by druggists.

Vital Questions!!!!

Ask the most eminent physician

Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves, and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hope!!!!"

Ask any or all of the most eminent physicians:

What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention, or inability to retain urine, and all the diseases and ailments peculiar to women?

And they will tell you explicitly and emphatically "Buchu!!!!"

Ask the same physicians:

What is the most reliable and sure cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malaria, fever, ague, and all the ailments of the liver?

Mandrake or Dandelion!!!!

Hence, when these remedies are combined with others equally valuable.

Buchu, Bitters, such a wonderful and mysterious curative power is developed, which is so varied in its operation, that it cures every ailment of the system, or relieves its power, and yet it is harmless for the most frail woman, weakest invalid or smallest child to use.

CHAPTER II.

"Almost dead or lost."

For years, and given up by physicians, of Bright's and other kidney diseases, liver complaints, severe coughs, called consumption, have been cured.

Have been cured by Hop Bitters, proof of which can be found in every neighborhood in the known world.

None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.

Hay Fever and Ross Cold.
I can recommend Ely's Cream Balm
to relieve all persons suffering from Ross
Cold and Hay Fever. I have been a
great sufferer from these complaints and
have used it. I have recommended it to
many of my friends for the Catarth, and
in all cases where they have used the
Balm freely they have been cured.—T.

LYON'S KOZOTHUM.

A Gift to the Gray and a Boon to the Bald!

Lyon's Kozothium is not a dye, but a clear, fragrant oil, and acts purely as a tonic to the
hair follicles and capillary circulation of the scalp, whereby it restores the natural action, and
as a result

RESTORES THE NATURAL COLOR

To the hair, rendering it soft and beautiful. This wonderful remedy, unlike all its predeces-
sors, is

ENTIRELY FREE FROM SULPHUR, NITRATE or SILVER

And all noxious and deleterious chemicals. It has fast friends wherever known and used;
it deposits no sediment upon the scalp, does not stain the skin nor soil the
most delicate fabric, and is an

ELEGANT and DELIGHTFUL HAIR DRESSING,

And an indispensable article to every lady's toilet. To middle-aged men who are prematurely
bald, or becoming bald, it is especially recommended, and when fairly and properly used, will
never fail in arresting the falling out of the hair and encouraging a vigorous and abundant
growth of new and healthy hair.

**TEAS: Japan, Young Hyson,

Our great Tea trade is the wonder of this part of the country. There is no secret in it; it is
simply our purchasing our Teas in large lots, direct of the importers in New York and re-
siding of the jobber, speculating at small profit. This saves to our customers the enormous profits
of the jobber, speculating and wholesale merchant, which is at least 10 to 20 cents per pound.

usually crop this last season. Never in the history of the country have they been sold so cheap
as at the present time.
